Charlestown Hall is the entrance to the last part of the major residential zoning in North Lisburn. It has an important setting, approaching Lisburn from the Glenavy Road. The scheme respects the existing landscaping, trees and setting of Ballymacash House.

Charlestown Hall has been designed by Alan Patterson Design, one of the foremost architectural practices in Ireland. Under the skilful guidance of founding partner, Alan Patterson, this design team has nurtured an enviable reputation for producing a consistently fresh and individual approach to its work and this is reflected in every project, no less so than in Charlestown Hall.
